

OmniShield Assure answers the call for simplified payment security. It delivers protection for the four major threat factors facing your business: card data security; fraud protection; PCI compliance; and risk, including data breaches.

PCI Assist, included in OmniShield Assure, provides PCI compliance services to help you secure your payment environment and report your compliance to Worldpay.

Why card data security is important:

- The average cost of a data breach for SMB is \$36,000*
- 90% of breaches involve small merchants*
- Nearly 70% of reported breaches occur in food & beverage, hospitality and retail businesses*
- U.S.A. is accountable for 76% of breaches in the world*

*Trustwave Global Security Report, 2016

Benefits and key features:

Become PCI compliant quickly and easily

- TrustKeeper PCI Manager is a simple online tool that guides you through the compliance process one step at a time
- Unique PCI Wizard and To Do List provides simple, actionable tasks required for compliance
- Monthly network scanning tests for over 6,000 operating system and application vulnerabilities

Maintain compliance and stay protected

- On the systems where it is installed, TrustKeeper Agent helps monitor compliance efforts over time by continuously running in the background and detecting prohibited data
- Security Policy Advisor offers a set of templates and guidelines to help you develop your own data security policies and procedures

Peace of mind: PCI Assist

- PCI Assist provides up to \$100,000 for certain costs associated with a data breach, including:
 - Mandatory forensic audit required by the card networks
 - Credit card replacement costs
 - Fines levied by the card associations

Support and services

- 24/7 live customer and technical support to help with SAQ and scans
- Easy-to-understand online support materials and tutorials break down each step of the compliance process
- Trusted Commerce Website Seal and printable Certificate of Compliance assures customers your business is secure

Get started protecting your business today!
